

MANAGEMENT SYSTEM CERTIFICATE

Certificate no.:
10000453488-MSC-ACCREDIA-ITA

Initial certification date:
17 December 2022

Valid:
17 December 2022 – 16 December 2025

This is to certify that the management system of
SYSTEM CERAMICS S.p.A.
Via Ghiarola Vecchia, 73 - 41042 Fiorano Modenese (MO) - Italy
and the sites as mentioned in the appendix accompanying this certificate

has been found to conform to the Occupational Health and Safety Management System standard:
ISO 45001:2018

This certificate is valid for the following scope:

Design, production, installation and after-sales assistance of: machines, components and spare parts for decoration lines, selection and quality control, packaging, palletization, automatic guided handling systems, storage and supervision systems for the management integrated of production lines for the ceramic industry, system for the production of large-sized tiles and ceramic slabs, through the phases of mechanical processing, welding, painting, assembly and testing.

Design, installation and after-sales assistance and production of machines for handling, storage, kiln / dryer input and output lines for the ceramic industry, through the stages of mechanical processing, welding, assembly and testing. (System Ceramics)

Design, production, after-sales assistance of measurement equipment, electronic control systems, industrial process supervisors, electronic boards and devices for civil, industrial and automotive use, through the phases of welding, resin coating, coating and testing.

**(System Electronics)
(IAF 18, 19)**

Place and date:
Vimercate (MB), 28 July 2025

For the issuing office:
DNV - Business Assurance
Via Energy Park, 14, - 20871 Vimercate (MB) - Italy

00010

Claudia Baroncini
Management Representative

Appendix to Certificate

SYSTEM CERAMICS S.p.A.

Locations included in the certification are as follows:

Site Name	Site Address	Site Scope
SYSTEM CERAMICS S.p.A.	Via Ghiarola Vecchia, 73 - 41042 Fiorano Modenese (MO) - Italy	Design, production, installation and after-sales assistance of: machines, components and spare parts for decoration lines, selection and quality control, packaging, palletization, automatic guided handling systems, storage and supervision systems for the management integrated of production lines for the ceramic industry, system for the production of large-sized tiles and ceramic slabs, through the phases of mechanical processing, welding, painting, assembly and testing. (System Ceramics)
SYSTEM CERAMICS S.p.A.	Via Ca del Miele, 8- 8/c- 8/g- 8/i - 42013 Casalgrande (RE) - Italy	Production of machines for handling, storage, kiln / dryer input and output lines for the ceramic industry, through the stage of mechanical processing, welding, assembly and testing
SYSTEM CERAMICS S.p.A.	Via Marzabotto, 21 - 41042 Fiorano Modenese (MO) - Italy	Design, production, installation and after-sales assistance of: machines, components and spare parts for decoration lines, selection and quality control, packaging, palletizing, automatically guided handling systems, storage and supervision systems aimed at the integrated management of the lines production for the ceramic industry; measuring equipment, electronic systems control, industrial process supervisors, boards and electronic devices for use civil, industrial and automotive; systems for the production of large format tiles e ceramic slabs. Research, development and production of ceramic designs, matrices three-dimensional and laser engraved cylinders.
SYSTEM CERAMICS S.p.A. - Business Unit System Electronics	Via Sacco e Vanzetti, 2 - 41042 Fiorano Modenese (MO) - Italy	Design, manufacturing, after-sales assistance of measuring equipment, electronic control systems, industrial process supervisory, electronic boards and devices for civil, industrial and automotive use, through the stages of welding, conformal coating and testing (System Electronics). (IAF 19)
